STOP!!
WHERE ARE WE GOING?!

The political atmosphere is permeated with false claims of previous successes, opportunistic and misleading declarations, and promises with no intention to keep.

Engagement of celebrities and entrepreneurs by the party leadership has become routine to offset the severe shortcomings of the party candidates.

You, the citizen have virtually no opportunity to select the individuals who will represent you in the next Knesset. Be it through primaries or selection committees, the decision is left solely to the party members themselves.

WHAT FUTURE CAN WE EXPECT FOR OUR CHILDREN WITH THIS SYSTEM?

WE CANNOT PERMIT THIS SYSTEM OF GOVERNMENT TO CONTINUE!

You owe it to yourselves.
We owe it to those who endanger their lives so that we can live in peace.
STAND UP AND BE COUNTED!

TRADITIONAL VALUES WITH A NEW DIRECTION

1. We believe in a society that is based on values of truth, justice, responsibility, respect for ones fellow man, and love for our people.

2. We strive to revive the tradition of secure community with mutual cooperation and responsibility.

3. We strive to give the citizens the power to control allocation of funds for cultural and educational programs.

4. We believe that it is possible to change the structure of the political system in such a way that decisions are reached on the basis of long-range planning beyond any single term.

5. Our plans to change the structure of the political establishment are based on faith in man, faith in the people, and recognition of the fact that honor and responsibility are the fundamental characteristics of a sound and productive society.
